Exceeded my expectations Met my expectations Did not meet my expectations

Please explain: ___ My dad spoke extremely highly about Cathy, but I was still blown away by the level of quality. I believe this program is unparalleled for young professionals and their development.

Why did you sign up to participate in this program originally and were your original expectations met?

___ I wanted to discover the kinds of positions I was interest in an emerging field to get my first job out of college. My expectations were exceeded as I also developed my professional skills and expanded my network while developing habits that will benefit me throughout my career.

How do you feel the strategies you learned will help you as you continue in your career?

___ I believe that this program has taught me to believe in my skills and to not be afraid to ask for what I’m worth. Additionally, I will continue to grow my professional network and building my LinkedIn presence.

How did you feel your résumé compares with other résumés you have seen?

___ I believe my resume is of much higher quality to others I have seen. I especially loved the adjustment to change the color to green to reflect my sustainability focus. Attention to detail like that is one of the many differentiators this program boasts.

What did you enjoy best about your experience (the weekly coaching sessions, new resume, TST Networking meeting, Monday Motivational emails, connecting with recruiters, Job Seeker Spotlight video)? Why? Please be specific.

___As previously stated, I am very satisfied with the new resume, and I also really enjoyed the Job Seeker spotlight video. I believe that it is a major differentiator on my LinkedIn profile, and acts as a good crash course to who I am for anyone discovering my profile. One of my favorite experiences was the weekly mastermind group with Sam and Riley. I believe it really helped us mutually motivate each other and hold each other accountable to our objectives while celebrating our successes and workshopping any shortcomings.

Where there any parts of your experience in this program that you did not enjoy or believe could be improved?

___I believe I had some unique circumstances so this is probably not a true critique of the program, but at times I overcommitted to more activities than I could follow through on in between meetings with Cathy. However, she was very accommodating and helped me adjust while motivating and helping me believe in my skills as well.
